

# Teacher Professional Development

## An immersive 6 day expedition to the mangroves of Cairns

### Protecting Wetlands for the Future TeachLive Expedition

Earthwatch Institute Australia and MangroveWatch are inviting 10 high school teachers from Great Barrier Reef (GBR) schools to the mangroves of Cairns, to learn how you can engage your students in meaningful mangrove citizen science.

- ✓ Improve your knowledge of mangrove ecosystems
- ✓ Learn mangrove monitoring methods & lesson plans
- ✓ Engage your students direct from the mangroves through the TeachLive platform

**In addition to this exciting professional development opportunity for teachers, check out the below resources:**

#### Learn about TeachLive
